<b>For Course</b>	Play School
<b>Qualifying age (Years)</b>	4
<b>Qualifying age as of</b>	01-04-2024

### Academic qualification

Reading and writing Literacy is a common benchmark for parents to gauge the academic rigor of a program. ... Math and science Placing one block on another, arranging seashells in patterns, or counting up the number of cereal pieces at snack time — these activities contribute to future understanding of mathematical concepts

### Application process

Research suggests that maximum brain development happens between the ages of 0-6 years. So an early start definitely will be beneficial. There isn't any right age when you think you & your child are ready. The four programs offered at our Pre-school are PlayGroup, Nursery, EuroJunior, and Eurosenior. PlayGroup begins from 1.8 years old - this will set the correct context for your child's future!

### Documents to be submitted

Birth certificate, Address proof

**Communication process**

The expression of communication or a child's language begins with head, eye, and body movements, as well as through simple vocalizations and hand motions. Language expression progresses to words, sentences, and conversations through many methods including gestures, spoken words, sign language, pictorial language systems, and communication boards.
